

*Office Memorandum* • UNITED STATES GOVERNMENT

TO : DC/MS

DATE: 3 December 1952

FROM : AC/PCD

SUBJECT: Department of Defense Directive S-6000.1 dated 24 July 1952.

1. In response to the request at the staff meeting of 2 December 1952, PCD foresees no applicable requirement based on this directive.

2. If it is intended to stretch the meaning of this directive, it is conceivable that under paragraph III-D, PCD might utilize consultant service of such specialists as experts in atomic warfare, biological warfare and perhaps chemical warfare. As stated, however, this is felt to be an interpreted rather than the real intent of the directive.
